Farewell and best wishes to our dear friend and colleague, Mr. René Laprise

After spending 28 years in the field of Catholic Communications, and the past 7 years with the *Canadian Conference of Catholic Bishops* (CCCB), René has decided to consider a new career.

During his time with the CCCB, René was responsible for media relations and for replying to the media when requesting information on Catholic matters. He assisted the General Secretary with communications strategies for major events, coordinated media interviews and made sure that CCCB news and public statements were circulated to dioceses across Canada and the national media. René was also responsible for the content on the CCCB website and social media.

We will be always thankful for René's warm personality, his friendship and support. He will be greatly missed!
